[BY A. P. MERRY WIRE]

SAN FRANCISCO, April 4.—  
Northern and Central California's  
future transcontinental railroad re-  
quirements cannot be met by two  
carriers with through lines to Chi-  
cago; the section should have three  
or four in the view expressed by  
representatives of agricultural and  
commercial interests in the San  
Joaquin and Sacramento Valleys  
here today at the Interstate Com-  
merce Commission field hearing on  
the nation-wide consolidation of  
railroads under the Esch-Cummings  
Act.The advocates of increased  
transcontinental traffic were united  
on the continued united opera-  
tion of the Southern Pacific and  
Central Pacific Railroads, consoli-  
dation with the Union Pacific system,  
as the main outlet to Chicago.Consolidation of the Western Pa-  
cific, Denver and Rio Grande and  
the Chicago, Burlington and Quincy  
would form the second proposed  
transcontinental link to Chicago  
and the third would be the Atchi-  
son, Topeka and Santa Fe Railway  
and its Eastern connections.SHORT-LINE MERGER URGED  
The State Railroad Commission  
definitely recommended that twenty-  
nine of California's short lines be  
consolidated with main lines  
which they feed, the Santa Fe,

CUBA TOLD  
TO RESIGNPresident Zayas's Order  
Received by Nation With  
Consternation

[BY CABLE-EXCLUSIVE DISPATCH]

HAVANA, April 4.—Business  
and citizens were thrown into con-  
sternation yesterday by the news  
that President Zayas had called for  
the resignation of his Cabinet.It is the Cabinet appointed last  
June under the reform movement  
and under its regime the budget  
was reduced to \$55,000,000 a year.  
\$600,000 loan made and back debts  
have been paid as fast as approved.  
Secretary of Treasury has accumu-  
lated a substantial surplus.The trouble between President  
Zayas and the Cabinet arose over  
a real estate deal whereby the  
president purchased for the gov-  
ernment by decree the old Santa  
Clara convent property at an ad-  
vance in price of \$1,000,000 over  
the price asked before the move-  
ment and during the flush times  
known locally as "the dance of  
millions."When the Zayas decree making  
the purchase of the building  
produced a storm of protest from  
the public and press and Congress  
queried the President for his au-  
thority to take money from the  
treasury not covered by the  
budget. He replied that the Cab-  
inet had not approved the purchase  
but the Cabinet denies any such  
approval, hence the call for its  
resignation.It is said Zayas threatens to  
carry the matter to the Pan-  
American Congress now sitting in  
Chile should the United States in-  
terfere.JUDGE GARY REPORTED

PARIS, April 4.—Information  
from Rome says that E. H. Gary,  
president of the United States Steel  
corporation, sailed from Naples on  
the Adriatic March 28 for Amer-  
ica. Paris is rife with reports that  
Gary is visiting the Ruhr and Be-  
gin in incognito. Gary is reported to  
have told a friend when the Adriatic  
touched Monaco that Hugo  
Sigmund never asked for an inter-  
view and that he did not see the  
German magnate.INTEREST IN BEVERLY

TOLL IS HEAVYTwelve Dead in Six Months,  
Figures ShowThirty-three Federal Men  
Wounded in ActionLiquor Worth Over Million  
and Half Seized

[EXCLUSIVE DISPATCH]

WASHINGTON, April 4.—The  
war of the Federal government on  
violators of the Volstead Act cost  
the lives of twelve men during the  
six months ending Dec. 31, 1922,  
according to figures soon to be  
made public by Federal Prohibi-  
tion Commissioner Hayes.An additional thirty-three agents  
were wounded "in action" in the  
eight months moonshiners and boot-  
leggers. The figures showing the  
hazards of prohibition enforce-  
ment, moreover, cover the activi-  
ties of the Federal force alone.In many States the Federal  
agents have received assistance  
from State and municipal forces.  
The States having their own en-  
forcement laws have suffered their  
own losses in men killed and  
wounded, according to the Federal  
officials.

## RESULT OF RAIDS

The casualties have resulted  
from numerous raids and seizures  
in which stills have been seized,  
distilleries destroyed, hundreds of  
thousands of gallons of liquor con-  
fiscated, and numerous automo-  
biles and boats taken.A compilation of figures cov-  
ering the activities of Federal agents  
in all parts of the country show  
that while \$1,462,218.97 worth of  
property has been seized and de-  
stroyed, an additional \$2,481,306.24  
worth has been taken, but not de-  
stroyed.

## LIQUOR DESTROYED

While 459,443.71 gallons of malt  
liquor was taken, but not de-  
stroyed, an additional 1,909,766.13  
gallons were seized and destroyed.  
The number of stills seized and  
destroyed was 1,113.77. The number  
of stills seized and destroyed was  
488 and those seized but not de-  
stroyed were 2379. In addition, there  
were 2379 stills seized and de-  
stroyed, and 1294 seized but not  
destroyed. The expenses in-  
curred by the prohibition unit in  
making the seizures was \$48-  
\$16.13.

## COURT FIGHT AROUSES KLAN

Members of Order Pour into Atlanta for Fray

Simmons and Dr. Evans Begin Drive for Control

Sheriff Ordered to Stay on Palace Watch

(BY A. P. MONT WIRE.)

ATLANTA (Ga.) April 4.—

Walls Imperial Emperor William J. Simmons and Imperial Wizard H. W. Evans started counterdrives for control of the Ku Klux Klan through the courts, members of the order began reaching Atlanta today as a result of the fray.

In the meantime Sheriff J. I. Lowry of Fulton county, ruled over the Imperial Palace, pending headquarters of the Klan, and Judge E. D. Thomas will resume hearing in the case tomorrow afternoon.

Klanmen are reported arriving from all sections of the state, some seeking to the standard of Emperor Simmons, while others are rallying around the faction headed by the Imperial Wizard.

Shortly after Judge Thomas ordered Sheriff Lowry to continue at his post at the Imperial Palace, some warrants were issued for N. N. Furney, cashier at the Imperial Palace, charging him with embezzlement of \$10,000 and for T. J. McKinnon, chief of the investigation department, charging embezzlement of \$10,000, according to the Sheriff's office.

The warrants were sworn to by E. J. Jones, an associate of Emperor Simmons.

Other warrants are expected, the Emperor's headquarters announced.

According to the Simmons faction, the cashier and the investigator, when the Emperor's "coup d'état" became known, were instructed by major officials of the Klan to leave town with all available cash and important records to prevent them falling into the hands of the incoming faction. The Sheriff's office tonight said neither Furney nor McKinnon could be located.

Capt. J. E. Shipwith, Exalted Cyclops of the Imperial Palace, La. Ku Klux Klan, arrived in Atlanta today to join Emperor William J. Simmons. He was announced at Simmons's headquarters. The Exalted Cyclops was accompanied by thirty-three Klanmen from Houston, La.

Capt. Shipwith was quoted as saying that "if there is to be a break between Col. Simmons and Dr. Evans then I will support Col. Simmons 100 per cent and the Klan in my section will stage a strong fight in his behalf in the controversy."

Capt. Shipwith and his delegation were in conference with the Emperor shortly after their arrival here, it was said. Capt. Shipwith figured prominently in the investigation conducted by the state of Louisiana into black-headed bonds activities in the Morehouse Parish, which culminated in the arrest of Walt Daniel and T. F. Richard last August. Two grand jury indictments have been returned against him and no indictments were returned.

Capt. Shipwith charged that the state's investigation was actuated by political motives. He and other members of the parish Klan have maintained their innocence.

JUGO-SLAVIA'S  
SORROWS TOLD

Ambassador's Wife Speaks  
at City Club

World Is Entering New Era,  
Assess Visitor

New Nation Is Grateful for  
American Aid

Introduced by David Matsum, whose sculptural depiction of Serbia's struggle for freedom and peace was both a symbol and a prophesy, Mrs. Grouhitch, wife of Jugo-Slavia's Ambassador to Washington, speaking at the City Club yesterday, told the romantic story of Serbia's sorrows, courageously borne, and of the national organization of Jugo-Slavia.

Born in Clarkburg, W. Va., Mrs. Grouhitch told how, after finishing her education, she had gone to Europe and there met and married the Serbian Minister of Foreign Affairs, who, in 1914, received from the Austrian government the terrible ultimatum which preceded the World War.

"When we were married my husband asked me if I intended to give up the protection of the Stars and Stripes," said Mrs. Grouhitch. "I told him I intended to do no such thing; that I was only adding to my love and devotion to my country."

Just as the Civil War proved to be the birth pang preceding the advent of a new-born nation, so the World War, terrible as were the sacrifices involved, was the necessary means of bringing a new world into being," said the speaker.

Explaining that the Serbian people are of Indo-Aryan origin, and not Russians as is often erroneously believed, Mrs. Grouhitch said that the Russians will require a century to work out their governmental salvation but at present they are politically ineffective.

Representing the struggles of the latter days when defensive Serbia lay at the mercy of Austria and her allies, and telling how, during the winter of 1915, 250,000 Serbians died of starvation and disease, Mrs. Grouhitch said that Serbia was offered the integrity of her kingdom and open lanes of commerce if she would desert her allies.

"However, Serbia's honor was at stake and she chose rather to die with honor than to live in shame," said the speaker.

Mrs. Grouhitch paid a glowing tribute to the noble-hearted Americans, including some many wealthy donors, who were responsible for the relief work of the Red Cross in Serbia during that country's most trying days.

"I was in Belgrade in 1915 when America entered the war," said the speaker. "The news spread like wildfire throughout Europe. I remember hearing a little boy, perched on the roof of an old building, cry to a German officer: 'Hey, there, Mr. Officer—King Peter is coming back and he's bringing American soldiers with him!'"

"And today we are all glad to know that Jugo-Slavia, made up of Serbia, Croatia and Slovenia, is on her feet, as you say, the possessors of splendid arable lands, equally divided among her people. She possesses cities, banks and good roads and her industrious people have borrowed \$100,000,000 from American banks with which to further the development of agriculture, manufacturing and other industries."

"Whether America decides to become a member of the League of Nations or to join the world court at The Hague—and she should do one or both of these things—America can and doubtless will evince a spirit of confidence that Europe will emerge from her baptism of blood, rejoining in her radiant position in the New World."

Establishment of a new coach yard and commissary near Third and Commercial streets in the Union Depot district at a cost of approximately \$1,000,000, planned by the Northern Pacific Railroad. The project still is tentative. The development will start with a \$250,000 sewer project this year. It was officially announced.

DES MOINES, April 4.—Jowa has accepted the \$15,000 gift of the Rockefeller Foundation and the General Education Board toward the construction of a new medical college and hospital at the State university. The House appropriated \$2,500,000 in installments of \$450,000 annually for five years, to match the gift.

The Minnesota River, with its high-water incident to melting snows farther up stream, is encroaching the million-dollar mark, destroying valuable farm lands by cutting new channels and leaving shallow holes of sandbars where the original channel was. Just above Sioux City a new cut-off has been made, and a new lake which is about seven miles long by a half mile to a mile wide.

Building permits for the month of March in Des Moines again approached the million-dollar mark. One hundred and sixty-four permits were issued for construction work which will cost \$147,185. A year ago in March the building total was \$193,445.

Reports of Tall Burglar  
in Wilshire Followed by

It was not six feet, eight inches tall, if he hadn't carried a blackjack, and if he had not been found roaming about the Wilshire district during the early morning hours, perhaps C. Caskey, 38 years of age, wouldn't be in the City Jail on suspicion of being a burglar.

"Sure, an' look at those hands," said an amazed copper, "any man should be pleased with 'em carryin' anything as dangerous as those around!" Caskey clenched his fists by comparison, they made a ham look like an all-day sucker at the end of the day.

But then, again, to do "as he stood on one leg, flap his ears, whistle like a mocking bird and he'd pass for a palm tree on any dark street," continued the copper. "As a second-story man, he'd be a good instructor at West Point."

Caskey was taken into custody by Special Officer A. L. Nelson at Sixth and Bonnie Brae streets. He gave his address as 1300 Westlake avenue, and stoutly maintained that the "cops had him all wrong."

He gave his occupation as a hod carrier and said he liked the job because it was easy. He declared that he spent nine years in the Army and was once offered the position of boxing instructor at West Point.

However, say the police, residents of the Wilshire district have reported that an extraordinary tall burglar had been working in that district, and Detective Lieutenants Bartley and Allen were assigned to check up on Caskey's record.

### Percy Jones Engage in a Red-Hot Diamond A

BY HARRY A. V.

Those who are citizens of Los Angeles took a turn for the better of the city in Oakland May 4. Percy Jones, new left-hander from Chicago, and veteran Harry

Jones was a trifle wild, but displayed a world of stuff, and was particularly effective in the eighth. He has the know, and his position nicely. Frank Jones, sometimes a bit of a wild, seemed pleased. George E. Jones came over from California to the conflict, and announced himself fully rewarded.

Despite unfavorable weather, which is very unusual, there was a good turnout of spectators from the opening day, and the great national festival was continued with preliminary ceremonies. This was the first of a series of events. Mr. Jones is said to have his left arm in a sling. Mr. Jones' best thumb is in a sling, while there was some of a local suffusing the national and county offices.

SAFETY ORDER  
Los Angeles duplicated its record of the day before by having one in the first frame. Jones had been deleted by Kansas. Carroll confounded a pass, and then scored. ### New Situation Has Arisen in Franchise Tilt

There are signs of a new and almost startling development in the baseball territorial situation.

This is whether the Vernon club has forfeited its franchise in the Coast League by failure to play any games at the Vernon Park in recent years. This development is said to explain the presence here of Harry I. Stafford, who in certain quarters is the legal representative of President McNamara.

President Joe Patrick of the Los Angeles club says there is no inclination on the part of his club to take advantage of this situation, or in any other way embarrass the Vernon owners.

"We have no desire to see Vernon lose its franchise, or have any other bad luck," said Patrick. "In fact, we want the Vernon club to play games in the new Los Angeles Park when it is completed."

It was reported that Vernon is arranging to play at least one game a week at the new Los Angeles Park, but as Major Field in Vernon is der to secure its franchise, but as Major and Secretary Lorenson are in the north, this could not be confirmed.

When the Vernon club was first admitted to the league it played two games a week in that city. Later this was reduced to one, Sunday evenings, and finally during a series of strikes, all games were transferred to Washington Park as an emergency measure.

MILWAUKEE, April 4.—Scoring out for the second time the fifth 1920 total of the American bowling congress tournament, W. Larson and C. Bertram of Racine today rolled into a tie for third place in the doubles event with 1865 pins to their credit.

Larson of Milwaukee for second place in the singles event when he collected 715 pins.

Pacific Coast intercollegiate track and field games are scheduled May 25 at Pullman, Wash. The intercollegiate title events are to be held May 25 and 26 at Franklin Field, Philadelphia.

**CHICAGO IS BOXING MAD**

Record Crowd Packs Coliseum; Lynch Trims Midget Smith; Genaro Victor Over Taylor

COLISEUM, CHICAGO, April 4.—Before more than 10,000 spectators, the biggest crowd that ever witnessed an indoor athletic show in Chicago, Joe Lynch, world's bantamweight champion, defeated Midget Smith of New, while Frankie Genaro, American flyweight champion, outpointed Buddy Taylor of Terre Haute, Ind., in two sensational ten-round contests tonight.

Genaro with his five feet one inch, fought as much in the air as he did with both feet on the canvas, and hit Taylor with such a terrific complication of punches that he had the crowd screaming. After a tussle first round which went to Taylor, Genaro warmed up to his task, permitting Taylor to do a lot of the leading while he satisfied himself with stiff and accurate countering with rights and lefts.

Taylor was credited with winning the first, fourth and fifth rounds, while the third was fair even. Genaro was in front in the second, sixth, seventh, eighth and ninth.

Lynch outpointed Smith, who left the ring with the knowledge that he had been in a desperate battle. In the first round Lynch split Smith's lip and cut his tongue with a sharp right and also opened up an old wound on his nose. The Midget went to his corner bleeding profusely.

**WADES IN**

Coming out for the second, Smith with blood dripping down his matted chest, waded in with rights and lefts. As the peack-faced Lynch backed away, Smith shot over a vicious right cross, hitting Lynch squarely on the chin and knocking him flat. He tried to get up at the count of three, but his legs would not support him, and he waited until the referee counted nine before staggering into a fighting position.

Smith tore after him and sent him reeling into the ropes at the bell with a left hook to the chin. The Lynch was hurt badly was shown by the stiff-legged manner in which he came up for the third. He fought desperately with Smith leading to the body and head.

**FILES UP POINTS**

In the fourth, however, Lynch had shaken the cobwebs from his dizzy brain and began to pile up points until the seventh, using a long range left which he kept sticking into the Midget's bloody face. Smith won the seventh by solid right hand punches, forcing Lynch to the ropes. The ninth was even. Lynch came out strong in the tenth and forced the pace.

**DOUBLES ADVANCE**

In these contests, Vincent Richards, Yankees, former champion, will oppose Percy L. Knyaston, Rockville Center, and S. Howard Vochel, 1917-18 title-holder, will meet G. A. L. Danna, New York, in the upper half. Hunter was paired with H. L. Bowman, New York State champion, and Frank T. Anderson, 1921 champion, with H. H. Basford, New York, in the lower half.

Play in the doubles also advanced.

### Golf Matches Are Taken by Annandalers

Annandale Country Club's golf team defeated the Flintridge Country Club golfers, 3 to 2, in the interclub tournament matches held yesterday afternoon on the Flintridge course.

Dr. Paul Hunter and Horace Ingalls of Annandale defeated Fred Wright and Arthur Thompson of Flintridge 1 up on the eighteenth. At the eighteenth hole Wright's ball lay on the green, near the hole. He missed two easy puts and sunk the third for a five. Hunter, with two puts to go, lay thirty-five feet away and rolled his second put into the cup, giving the Annandale players the match.

Ransome and Erdman, Annandale, defeated Yorkman and Maine of Flintridge, 1 up on the twentieth hole. Finklestein and Bowman of Annandale defeated Moore and Reynolds and Neal Burns, Flintridge, 1 up. Thomas and Hawks of Annandale defeated Moore and Fullerton of Annandale, 1 up. Peyton and Robbins, Flintridge, defeated Chaffee and Medeiros, 1 up.

### CHAMPIONS BOWLED OVER

#### Several Blue Ribbons Defeated at Ambassador Horse Show; Attendance Excellent

Considering the applause at the horse show, King Horse is still a king in the hearts of his subjects, the democratic automobile's victories notwithstanding. The royalist movement has little hope of recovery, any more than the royalist movements of Europe, but that makes the game all the more worth while. For the horse show represents the glories of the past; it is, in fact, a drama of those good old days of hard riding to the hounds and gentlemanly country life, which if we present-day Americans have not known we can feel in our blood for our sires knew it.

Applause there was in plenty last night, the second performance of the Southern California Riding and Driving Club's show at the arena on the Ambassador grounds. It was not merely a polite patter of palms but a real enthusiasm for the riders and drivers and the performances of hunters, park horses, fancy gaited horses of the old South and smart stepping harness horses. Sometimes the applause was more of the baseball grand stand than the horse show, but generally gentlemanly sportsmanship prevailed.

**MODERN WELLER**

In one of the walk-trot classes Coehles, which won the blue ribbon at the show here last year for the best California-bred horse, was ridden by Jake Voight. That modern Mr. Weller, but failed to come off with a ribbon of any hue. The event was won by Marjoline, a mare owned by P. E. Bowles of Oakland. And in a nice class of combination horses, to be driven and then ridden in the five galls, King Hamilton drew third.

Britishers Will Compete in Annual Links Affair

BY DON DUCKE

Although men with more than an eleven handicap will not be entered in the annual Southern California championships, to start April 11 at the Midwick Country Club, there will be no dearth of good material, as one might suppose. Most of the clubs about Los Angeles are well stocked with men of eleven or less handicaps, so that, if they all get in shape for the coming event, there should be at least 150 players on the first tee Wednesday morning.

With local players looking to sign up, golfers from the North, South and East are coming for the tournament. San Francisco is migrating as a body in an attempt to cop first honors for their fair city. Players from the East and even from England will be entered in the amateur event.

Two players who have recently signed on the dotted line are Willie Hunter, one-time British champion, and J. McLaughlin of England, who will give all concerned a fast battle for the lead. Both of these men in a workout with Hunt and Ernest Martin, pros at Bullock's golf shop, showed excellent form and their shots as few about the city can.

Ed Tufts, president of the Southern California Golf Association, has things in line for a nifty tourney. He has the course in good shape and plans are all set for the opening day.

California's newest golf course, a nine-hole miniature affair, will be opened on the lawn of the Ambassador Hotel tomorrow afternoon with a tournament that will attract State-wide attention. Such scintillating stars as Dr. Paul Hunter, Fred Wright, Scotty Armstrong, Everett Beaver, W. W. Campbell, R. M. Modesto, E. H. Tufts and a host of others will take part.

A special event will be held for the fair sex and it is expected that Miss Dorcas Kavanagh, Miss Margaret Cameron, Miss Mary E. Brown, Mrs. J. R. Eagle, Miss

U.S.C. Crew Plans Entering Over Ten Events

While it has not been officially announced by the University of Southern California authorities as yet, it is almost certain that the local institutions will send a four-man track squad, under the guidance of Coach Ross Cromwell, to the Paris international collegiate meet, which will be held next month.

Charles W. Padlock, sensational sprinter, Tala Martin, quarter-mile, Otto Anderson, hurdler, and Norman Anderson, weight man, will probably be the Trojans to make the trip across the pond. All four men are capable of entering in over two events and would be certain to snag off a large number of points.

## HEARING BEGUN IN GROCER CASE

Competition Charged to Wholesalers

Manufacturers Said to Have Made Forced Agreement

Associations Denied by Head of Association

PHILADELPHIA, April 4.—Hearings on the first of two specific charges brought against the Pennsylvania, New Jersey and Delaware Grocers' Association by the Federal Trade Commission in Washington was heard yesterday.

W. H. Woodfill, appointed examiner by the Federal Trade Commission, was the first to present the case.

The two complaints charge that the association has and is practicing unfair means of competition. The taking of testimony yesterday was interrupted by a number of questions from the audience.

The testimony was resumed today to prove that the association has forced a number of manufacturers of food products to make "exclusive" agreements.

The purpose of the agreements is to prevent the members of the association from competing with the association's own products. By these agreements the manufacturers, according to the testimony offered today, are compelled to make good the loss of the grocers through the reduction of prices.

CHARGE INTENSIFIED

The second complaint made by the Federal Trade Commission, presented by J. C. Alfred, is that the Pennsylvania, New Jersey and Delaware Grocers' Association, through intimidation and other and stronger methods, have prevented manufacturers of various food products from dealing with those wholesalers and jobbers in various sections of the country who handled a large soap manufacturing company—Procter & Gamble.

The reason for that attitude on the part of the association with respect to the soap manufacturing concern was that the Federal Trade Commission was opposed to the reduction in price of products of the concern when methods of distribution were changed so as to deal directly with the consumer. The association is asserted, immediately after the hearing, to have refused to handle the products of the concern.

REMARKS ENTERED

When the wholesalers were handling the soap products, they were supplied with other commodities. It is asserted that the reduction in price of these products was paid by members of the association who refused to handle the products.

## Popular Entertainer Gains 20 Lbs. on Tanlac

**Mrs. Russell Declares Famous Medicine Restored Her Completely When She Had Almost Despaired of Recovering from Stomach Trouble.**

The wonderful power of Tanlac is again very forcefully demonstrated. This time the grateful beneficiary is Mrs. Flora B. Russell, 655 1/2 N. Orange Street, Glendale, Calif., who states she has completely regained her health and strength and also a gain of twenty pounds in weight by the use of the medicine.

Mrs. Russell is a highly accomplished dancer and very popular in theatrical circles in New York as well as here on the coast. In telling of the benefits she has derived from the Tanlac treatment, Mrs. Russell said:

"At the time I commenced taking Tanlac, I was suffering from anorexia and a nervous, run-down condition. My stomach was so disordered that everything I ate would bother me and at times I became so nauseated I couldn't retain even a glass of water. I would have such fierce dizzy attacks that frequently I would have to have support to keep from falling, or even be put in bed. Every night was restless and almost sleepless, and I was so discouraged I thought I would never be myself again.

"Tanlac was highly recommended to me, and after taking the treatment I am in such splendid health that I feel as fine as I ever did. I have actually gained twenty pounds in weight and I sleep like a child every night. Tanlac just did my case, and I believe it will help anyone else suffering like I did."

Tanlac is for sale by all good druggists. Take no substitute. Over 35 million bottles sold.—(Advertisement.)

## Letters Written to Dr. Lewis Baker

The Cadmon's tablets has done so much for my boy who suffered with nervousness. My husband found quick relief from kidney and bladder trouble from the Cadmon's tablets. Whatever medicine you have advised we have always found a success. (Advertisement.)

Dr. Baker, I am a housewife, aged 70, and have been suffering from a nervous condition for many years. I have been advised by many doctors to take various medicines, but none have done me any good. I have been advised to take Cadmon's tablets, and I have found it to be the best medicine I have ever taken. I am now feeling much better and am able to do my usual work. (Advertisement.)

## BUILDING TIE-UP NOT LOOKED FOR

Carpenters' May-Day Strike Not Feared Here

Nonunion Artisans Being Placed Daily

Agitators Working to Bring About Walkout

That local building contractors are not apprehensive of serious interference with the building program in this city in the event that a strike of carpenters takes place May 1 was indicated at a meeting recently of some of the city's principal builders.

Union labor agitators who are here with the avowed purpose of bringing about a strike of carpenters and perhaps other building tradesmen, assert that there is a labor shortage, which however, the industrial relations department of the Merchants' and Manufacturers' Association declares that it is the building nonunion artisans in the building trades and placing them in jobs at the rate of fifty a day.

WORTH THEIR HIRE F. J. Zeschandlar, secretary of the Merchants' and Manufacturers' Association, says that carpenters in this city are getting just what they are worth in this individual case. He points out that one of the working principles they can turn out for which plan this city is world famous, is that a workman can sell his brains and skill for his own real value.

"The 57-day carpenter who is being urged to strike will never get more than \$7 so long as he is a '7 workman,' declares Mr. Zeschandlar. "Higher up in the ranks above him are carpenters who are more skillful, and they are getting \$8 and \$9 a day. They can get that much anywhere that carpenter work is to be done, regardless of the union scale. If the scale was \$5 there are contractors who would willingly pay them \$8 and \$9 a day."

ABILITY GOVERNS PAY "In this city ordinary carpenters are getting \$7 a day. Others are being paid all the way up to \$9 a day, and always will be paid higher than some of their fellow-workers because they can turn out more work and better work."

Mr. Zeschandlar calls attention to the fact that the average workman in Los Angeles or the neighboring cities earn much more money in the course of a year than the artisan who works in the big eastern cities, where climatic conditions compel them to be idle most weeks out of every year, while their expenses are going on just as though they were working.

In the East, due to inclement weather during the winter months, the carpenter, bricklayer, shingler, plasterer and painter are compelled to remain idle for long periods of time. In Los Angeles, however, the carpenter, shingler, plasterer, shingler, lather or painter in Southern California works the year around and does not suffer from the interference of the walking delegate, who has kept the building trades of New York and Chicago into such bad repute.

CAR OWNER BENEFITS The agitators are telling local carpenters that they ought to demand more money because they are doing more work. They are pointing out that in a run-down condition, which most of the agitators are in, they cannot do as much work as they are able to do. They are pointing out that in a run-down condition, which most of the agitators are in, they cannot do as much work as they are able to do.

REJECT CUSTOMS PLANS U. S. Collector of Customs Schwartz received a wire from Washington yesterday, hint of a change in the recommendation for the appointment of four additional inspectors at this point, and five additional inspectors at the other points. The recommendation is not to be complied with by reason of the lack of funds. As a result the recommendation is being rejected. The recommendation is being rejected.

COPPER, ZINC The copper market is dull and weak and prices very irregular. Although most of the large producers are firmly holding at 17 1/2 cents for electrolytic delivered there are rumors to the effect that the figure is being abandoned. London cables reported standard as losing the gain of 1 1/2 cents of the day previous, settling at 17 1/2. Electrolytic, how-

ever, was firm and unchanged at the 18 1/2 for spot and 18 1/2 for futures. Zinc is easier at 7.65 cents spot, and the later months are available at a discount of 5 points for each succeeding month. BOND BUYERS—WHO ARE THEY?

It is a common error to believe that buyers of bonds are found only among the so-called wealthy class.

While many banks, business houses and investors buying in large amounts are numbered among our clients, a great many people make their start with one five hundred dollar bond.

To all of them we offer the same competent advice and service. All are invited to discuss their individual needs with our experienced bond investment specialists.

## AR LINES OFFER PLANS CALLING FOR MILLIONS

Extensions, Bus Connections and New Trackage Proposed for Handling of Traffic

An agreement to make sweeping improvements in Los Angeles street car service, involving the construction of several new lines and supplemental bus service in many other cases, at an estimated cost of \$6,000,000, is made by the Los Angeles Railway Company and the Pacific Electric Railway Company in reports made yesterday to the Board of Public Utilities.

The reports, filed in reply to questions sent to the companies by the board, urge that the two important questions of universal transfers and extension of service to Hollywood be delayed until it is decided whether the two lines are to be combined.

The reports explain that a survey now is under way to determine whether the city shall take over the two lines, or whether they shall be merged under the direction either of the Los Angeles Railway or the Pacific Electric Railway. It is decided that the transfer and Hollywood questions be deferred.

On other questions of immediate importance, however, the roads make definite reply.

Of forty-one suggested improvements, either by extensions or bus lines, the companies agree to build extensions of six lines, to construct four entirely new lines, suggest alternatives on two lines, and make temporary bus service on twelve lines, ask delay on nine lines, and refuse the suggested changes in eight cases.

Temporary bus service is promised on Vermont avenue, Melrose avenue, Beverly Boulevard, Wilshire Boulevard, West Pico street, North Lincoln Park avenue, Avenue 54, Riverside Drive, Los Angeles Boulevard, Western avenue, Sunset Boulevard and El Sereno avenue.

The companies agree to build extensions on West Seventh street, West Eighth street, First street, West Forty-fourth street, Central avenue and Evergreen avenue.

New lines are to be constructed on Melrose avenue and Highland avenue, and the Pacific Electric agrees to try out half-line operation in Hollywood if the Board of Public Utilities approves.

Some delays are asked, for various reasons, on improvements suggested for Larchmont Boulevard, Third Street, Hollywood Boulevard, Wilshire Boulevard, Fountain avenue, West Adams and West Washington streets, and Hollywood Boulevard.

The companies refuse to carry out extensions of additional lines on La Brea avenue, Alvarado street, Vermont avenue, Florence street, Santa Monica street, East Fourth street, Bunker Hill avenue and Biltmore Heights.

In lieu of bus services on West Thirty-ninth street, it is urged that the companies build the Los Angeles Railway station that is seriously considering a rail extension to the present terminus.

The companies agree to make all other improvements immediately upon receiving authorization of the Board of Public Utilities to proceed.

FARES DISCUSSED  
In a statement last night D. W. Post, vice-president of the Pacific Electric, stated that, in his judgment, there will not be any reason for an increase in street car fares in Los Angeles unless motor buses are given franchises to run on streets parallel to existing street cars.

But if the motor buses are granted permits to parallel the street railways, Post means that an increase in the fares of the street railways will be absolutely necessary, said Mr. Post.

It urged the Finance Committee of the City Council to approve funds to build the proposed extension of the Los Angeles Railway to Hollywood, together with a member of the board, to the board for the purpose of studying motor buses and electric railway conditions at Chicago, Detroit, New York and Baltimore.

They will find it is not the practice of the cities to parallel the street railways, excepting for short distances, where it is necessary on account of the condition or lay-out of the streets.

PEOPLE MUST ACT  
In connection with the Pacific Electric's willingness to extend its Bunker Hill tunnel to Pershing Square as the first unit in its \$20,000,000 subway system, it is understood that the City Attorney is preparing a ruling for the City Council to the effect that the people, by authorizing the amendment, must be given authority for the location of a subway station under the park.

The present charter gives permission to the City Council to authorize railway companies to have rights of way under parks, but nothing of subway stations, so while the Council could give the railway permission to extend its lines under parks, a station would require the approval of the voters.

Such a charter amendment, which may be placed before the voters at the May 1 primaries, or the June 2 election, would be approved by the voters, as the people of Los Angeles have generally come to the conclusion that the time has come for a subway system to handle the immense traffic of the present day and to relieve street congestion.

Vice President Post of the Pacific Electric appeared yesterday before the Finance Committee of the City Council in support of a recommendation of the Board of Public Utilities that the city should take over the street car lines and operate them as a public utility.

During the discussion before the Finance Committee Mr. Post said that while he had obtained the approval of his company to spend \$7,000,000 for feeder bus line extensions, and a start on the subway system, he believed that he could not obtain this money if the company were to be subjected to the competition of independent motor buses.

Of the attitude of the Board of Public Utilities, Mr. Post said that the board was in favor of granting the street car companies franchises, which could result only in higher street car fares. Commissioner Kennedy said that the board was inclined to be fair, but said that Commissioner Kennedy apparently was trying to swing Mr. Bogardus to Mr. Kennedy's view.

"No, I will assist you but I will not marry you," was Capt. Jacob's reply, according to the witness.

Mrs. De Cadeaux' story, as punctuated by many gestures similar to those of the stamp potrayed on the motion picture screen, she scowled at the defendant, stared at his array of lawyers, Capt. Jacobs, seated in the seat of his chief counsel, Atty. Paul W.

"It is not true that you were indicated and were actually released from the station," Atty. Schenck asked the witness.

The courtroom, hummed with the order and the witness clutched the arms of the chair.

She shrieked and forthwith left the witness stand.

She sat in front of Atty. Schenck, stared at him savagely for a minute. The defense attorney grunted. Then Mrs. De Cadeaux hastened to the corridor and shed many tears.

"Can you feature such a statement as that?" she sobbed.

Bernice Edwards of Long Beach, one of the Daily News' closest friends, told of conversations she had with Fritz shortly after his arrest.

Many embarrassing questions were asked Bernice. Some she answered in whispers. Others she failed to answer until commanded to do so by Judge Marsh.

# MRS. LORBERER IS EASILY VICTOR

Defeats Mrs. J. M. Mathews by Two to One

Last Day of Convention Is Best of Session

Federation Chief Wearies by Campaigning Leaves

BY MYRA NYE

Times Staff Correspondent

SAN LUIS OBISPO, April 4.—Inspiration and educational features of the convention of the Los Angeles District Federation of Women's Clubs in convention at San Luis Obispo, which has been obscured by the campaigning of a few of the members yesterday, were in evidence and the last day proved to be the best of all the sessions.

The reputation of Mrs. Bernice A. Johnson as a factor of influence in the federation by the defeat of her campaign was complete and was made a splendid impression on the address of the convention which was the last day of the final session. Mrs. J. M. Mathews, who had been campaigning for the position of president, was defeated by Mrs. A. Johnson, who was elected vice-president.

The newly elected officers were presented last night just before the delegates took their trains for their homes. The new president, Mrs. A. Johnson, was elected by a majority of more than 2 to 1 over Mrs. J. M. Mathews, who had been campaigning for the position of president.

The defeat of Mrs. Mathews was a personal one, for she had made a splendid impression on the floor of the convention when she reported for West Hill Club of Los Angeles, of which she is president.

Mrs. William A. Fitzgerald, state president and secretary of the federation, left for her home in San Francisco yesterday morning, after having given the address of the convention which was the last day of the final session.

After her election was announced Mrs. Lorberer received a remarkable ovation as she appeared to deliver her address on the conservation of the Redwood trees of California and to present the prize of young Redwood trees to those who have obtained the most membership for the "Save the Redwoods League."

Through their president, Mrs. Doris Campbell, an invitation for the convention to be held in the new clubhouse of the Tuesday Afternoon Club of Glendale was extended and accepted. Inyo county also extended an invitation.

Telegrams were received from the head of the Whittier State School, which was a splendid impression on the address of the convention which was the last day of the final session.

heim plant. An application for membership in the Associated Press has been made for the morning newspaper under the assumption that it will be published in Santa Ana, according to the complaint, and as a result "said application was not made."

Dr. Phelps, chairman of child welfare for the district, presented the matter which was favorably acted upon by the convention.

A resolution offered by the Santa Barbara Women's Club asking immediate renewal of support of the community property bill in danger of defeat at that time at Sacramento was passed and telegrams were sent.

The resolutions presented the previous day were voted upon and passed. They had to do with maintaining the name of the San Fernando Valley instead of changing it to Los Angeles Valley; that a campaign of education be waged to prevent papers being thrown on picnic grounds and broken bottles on the highways and that such be punishable by heavy fines and by the passage of ordinances; that more stringent antinarcotics laws be passed; that the district headquarters for the district be maintained in Los Angeles; that uniform marriage and divorce laws be passed; California's campaign for it.

In discussing the resolution presented by the Pasadena and Pasadena to the effect that club women in the employ of corporations or private interests should not be allowed to debate or speak before the clubs there was prolonged and heated discussion.

though, that it had no unusual features about it such as a spare tire on the left running board.

J. C. Harder was the salesman from whom Capt. Jacobs purchased his automobile. The car which he described was Capt. Jacobs did not comply with the car which Mrs. Vincent had seen.

Helen Whitney, another of Fritz's closest friends, had been regarded as one of the prosecution's star witnesses, but she only testified to having spent the night of January 12 with Fritz. At that time Fritz told her she intended to marry him at the Santa Fe depot on the evening of January 14.

Robert Cline, a telegrapher at Linda Vista, testified that Capt. Jacobs had sent a telegram to Fritz from the station. Cline could not identify the defendant, then the captain graciously removed his speech to make the identification easier.

At this point an elderly lady from the crowd presented Capt. Jacobs with a box of Jewish cookies.

Tomorrow is his birthday. He smiled and when he departed he cautiously placed it under his chair with his foot.

Miss Billy Minor, who had previously testified that she had seen Capt. Jacobs to seek medical attention for Fritz, was recalled to the stand to tell of her conversations with the defendant.

Other witnesses called for the purpose of introducing specimens of Capt. Jacobs' handwriting into the records, included George J. Curtis and E. L. Placencia.

TELEGRAMS CITED Letters and telegrams, asserted by the prosecution to have been sent Fritz Mann by Capt. Jacobs and by Miss Minor, were read into the record this morning. The first said:

# HEAVY SALES TAX RECEIPTS

Goodcell Reports Average Increase of 33 Per Cent in District Collections Over March, 1922

United States Collector of Internal Revenue Goodcell reports sales tax collections for the local internal revenue district for March registering advances ranging from 27 to 93 per cent, with an average increase of 33 per cent. This establishes another record.

Collection from sales taxes for the month were \$433,545, compared with \$325,920.38 for March, 1922. This indicates a tax paid and nontax attendance of 15,000,000 at various places of amusement, and shows that the people of the district spent approximately \$3,500,000 for amusements during the month of March.

Collector Goodcell says that the figures indicate that American business is moving forward with increased production rather than decreased prices or increased taxes. He said, apparently saw a production record achieved in basic industries which surpassed any previous record except for a month in 1917.

Manufacturers' tax on beverages showed an increase of 58 per cent, and the tax paid represents the sale of 1,655,000 gallons of non-alcoholic beverages.

Retailers paid tax on jewelry sales of \$1,115,000 for the month, an increase of 48 per cent. Admission tax to theaters that you are recovering rapidly. Thank Mrs. Bond for writing. Sincerely, L. L. J.

LONG LEASE FOR CORNER LOT SIGNED New Apartments Likely to Be Erected at Coronado and Seventh Streets

Announcement of the consummation of a ninety-nine year lease on the southeast corner of Seventh and Coronado streets for a total consideration of \$1,340,000 was made yesterday by George B. Le Baron of W. I. Hollingsworth & Co., realtors. The owners of the property are the Los Angeles Properties Corporation.

Plans for the erection of an apartment building on that portion of the corner which is not improved are being formed. The building is to be a four-story structure with elevators and a modern design. The corner is 150 by 140 feet, and approximately one-third of the area is occupied by the Trebo Apartments. It is probable that the new structure will resemble this four-story building, according to those connected with the transaction.

The corner was sold recently by Philip Forre to Mr. and Mrs. Copp for a consideration of approximately \$100,000. The former owners of the property are the Los Angeles Properties Corporation and the lease transactions were handled through the agency of the Hollingsworth company and Shaw and Mearns.

GIRL PESTERS COMEDY KING (Continued from First Page)

to gentler and more burning tones for the Secretary's attention. "Mad Josefine" was the sobriquet that habitues of cabarets there conferred upon her during her short visit to Mexico City. She is credited with capturing many hearts and the owners of many of the night clubs in the city since her identity and her Chaplin escapade are being disclosed.

According to dispatches from Obregon's capital Marina was educated in a Mexican City school and married Jose Rivero, a prosperous rancher, when very young. Early last month, finding herself bored with her life, she fled from her husband's hacienda.

She burst upon Mexico City night life for a meteoric nine-night career, astounding cosmopolites of the capital with her extravagant vivacity and love of the bright lights; literally throwing her money away, she disappeared.

Once she bought several hundred pesos worth of toys and distributed them among children of the street.

"She was beautiful, but oh! how wild!" a prominent Mexican, who is incidentally a close friend of General Serrano, Minister of War in Obregon's Cabinet, and Inspector General Alameda of the Mexico City Police, to whom Marina wired for money shortly after she arrived here, is quoted as saying in an edition of El Correspondiente.

CAPTURED IN CHASE Her husband followed Marina to Mexico City on March 10 and had her arrested for deserting him after she had led detectives seeking her a merry chase by her assumption of a male disguise. A reconciliation followed with Inspector General Alameda in the role of peacemaker.

Previously, it is known, that General Serrano as well as General Obregon lavishly entertained "Mad Josefine." The former admitted yesterday that he knew the girl and said he had given her money to enable her to leave the city.

Before she left, however, she is said to have ordered a thousand dollars worth of dresses and hats sent to her hotel room. When they arrived she told the delivery boy to collect from General Alameda, who she had met in the city, and assertedly refused payment. While the boy was en route to her "palace," Marina apparently disappeared from the hotel with her companion, Gen. Serrano has as yet vouchsafed no reply to a query as to his acquaintance with the notorious flapper from across the Rio Grande, dispatches declare.

It is understood in Mexico City that among other eccentricities Marina became possessed with the idea of becoming a great motion picture star which prompted her money away, she disappeared.

From the dispatches it is gathered that Marina's asserted adventure with arsenic while in the city resulted in her visit to the Receiving Hospital last Saturday evening was for all time attempted by another member of the party who told of a toad that went about a town looking for a mate. The toad, which he apparently released.

Once during the afternoon the two automobiles halted on a point and the Secretary could be seen far away in the distance, forty-five miles, the range to the Imperial Valley and the Salton Sea. There were snow drifts near where Secretary Wallace stood but down the valley yesterday he was served fresh strawberries at a luncheon given for him at Riverside.

O'LEARY SEEKS JOB Jimmy O'Leary, a catcher who recently arrived in Los Angeles, is seeking to get on with some fast game. Wrote you to tell me about particular—But have not heard one word. Am just recuperating from an attack of influenza. I am pretty low in every way. Let me know what happened. Hope

# Bandits Obtain Dope in Hold-up of Drug Store

Two bandits last night held up Jack Austin, in a drug store at 1155 West Washington street, took \$100 from the till, and compelled Mr. Austin to show them where the narcotics were kept.

They took a quantity of "dope," and also blanks on which narcotic prescriptions are written, and then fled in an automobile.

NOT TO CHANGE PARK NAME The name of Exposition Park will not be changed to Washington Park at present, the Public Welfare Committee of the City Council decided yesterday, and ordered that the request of the Sons of the Revolution for the change be filed for the time being.

The committee cited the fact that the baseball park in Los Angeles is known as Washington Park, and the proposed change would result in a duplication of names. If, later, local baseball arrangements are changed, the subject may be reopened.

BOOKIES TO MEET Former citizens of Elkhardt, Ind., now residing in California are to meet at the home of Mrs. J. M. Mathews, who is a resident of Los Angeles, to discuss the proposed change of the name of the baseball park in Los Angeles.

Plans for the erection of an apartment building on that portion of the corner which is not improved are being formed. The building is to be a four-story structure with elevators and a modern design. The corner is 150 by 140 feet, and approximately one-third of the area is occupied by the Trebo Apartments. It is probable that the new structure will resemble this four-story building, according to those connected with the transaction.

The corner was sold recently by Philip Forre to Mr. and Mrs. Copp for a consideration of approximately \$100,000. The former owners of the property are the Los Angeles Properties Corporation and the lease transactions were handled through the agency of the Hollingsworth company and Shaw and Mearns.

GIRL PESTERS COMEDY KING (Continued from First Page)

to gentler and more burning tones for the Secretary's attention. "Mad Josefine" was the sobriquet that habitues of cabarets there conferred upon her during her short visit to Mexico City. She is credited with capturing many hearts and the owners of many of the night clubs in the city since her identity and her Chaplin escapade are being disclosed.

According to dispatches from Obregon's capital Marina was educated in a Mexican City school and married Jose Rivero, a prosperous rancher, when very young. Early last month, finding herself bored with her life, she fled from her husband's hacienda.

She burst upon Mexico City night life for a meteoric nine-night career, astounding cosmopolites of the capital with her extravagant vivacity and love of the bright lights; literally throwing her money away, she disappeared.

Once she bought several hundred pesos worth of toys and distributed them among children of the street.

"She was beautiful, but oh! how wild!" a prominent Mexican, who is incidentally a close friend of General Serrano, Minister of War in Obregon's Cabinet, and Inspector General Alameda of the Mexico City Police, to whom Marina wired for money shortly after she arrived here, is quoted as saying in an edition of El Correspondiente.

CAPTURED IN CHASE Her husband followed Marina to Mexico City on March 10 and had her arrested for deserting him after she had led detectives seeking her a merry chase by her assumption of a male disguise. A reconciliation followed with Inspector General Alameda in the role of peacemaker.

Previously, it is known, that General Serrano as well as General Obregon lavishly entertained "Mad Josefine." The former admitted yesterday that he knew the girl and said he had given her money to enable her to leave the city.

Before she left, however, she is said to have ordered a thousand dollars worth of dresses and hats sent to her hotel room. When they arrived she told the delivery boy to collect from General Alameda, who she had met in the city, and assertedly refused payment. While the boy was en route to her "palace," Marina apparently disappeared from the hotel with her companion, Gen. Serrano has as yet vouchsafed no reply to a query as to his acquaintance with the notorious flapper from across the Rio Grande, dispatches declare.

It is understood in Mexico City that among other eccentricities Marina became possessed with the idea of becoming a great motion picture star which prompted her money away, she disappeared.

From the dispatches it is gathered that Marina's asserted adventure with arsenic while in the city resulted in her visit to the Receiving Hospital last Saturday evening was for all time attempted by another member of the party who told of a toad that went about a town looking for a mate. The toad, which he apparently released.

Once during the afternoon the two automobiles halted on a point and the Secretary could be seen far away in the distance, forty-five miles, the range to the Imperial Valley and the Salton Sea. There were snow drifts near where Secretary Wallace stood but down the valley yesterday he was served fresh strawberries at a luncheon given for him at Riverside.

Goodcell Reports Average Increase of 33 Per Cent in District Collections Over March, 1922

United States Collector of Internal Revenue Goodcell reports sales tax collections for the local internal revenue district for March registering advances ranging from 27 to 93 per cent, with an average increase of 33 per cent. This establishes another record.

Collection from sales taxes for the month were \$433,545, compared with \$325,920.38 for March, 1922. This indicates a tax paid and nontax attendance of 15,000,000 at various places of amusement, and shows that the people of the district spent approximately \$3,500,000 for amusements during the month of March.

Collector Goodcell says that the figures indicate that American business is moving forward with increased production rather than decreased prices or increased taxes. He said, apparently saw a production record achieved in basic industries which surpassed any previous record except for a month in 1917.

Manufacturers' tax on beverages showed an increase of 58 per cent, and the tax paid represents the sale of 1,655,000 gallons of non-alcoholic beverages.

Retailers paid tax on jewelry sales of \$1,115,000 for the month, an increase of 48 per cent. Admission tax to theaters that you are recovering rapidly. Thank Mrs. Bond for writing. Sincerely, L. L. J.

LONG LEASE FOR CORNER LOT SIGNED New Apartments Likely to Be Erected at Coronado and Seventh Streets

Announcement of the consummation of a ninety-nine year lease on the southeast corner of Seventh and Coronado streets for a total consideration of \$1,340,000 was made yesterday by George B. Le Baron of W. I. Hollingsworth & Co., realtors. The owners of the property are the Los Angeles Properties Corporation.

Plans for the erection of an apartment building on that portion of the corner which is not improved are being formed. The building is to be a four-story structure with elevators and a modern design. Kathleen M. Shippen's Program on KHJ Tonight

Burbank High School Orchestra, With Hubert S. White, director, at noon.

"Largo," by Handel, "The Sandman," by Protheroe, and "Katy Did," by Herbert. Mr. Johns was accompanied for this ballad of the heart.

The poet who remarked that music hath power to charm the savage breast must have anticipated a duet by George Martin, cornetist, and Harold Stroup, clarinetist, with Mrs. E. P. Stroup at the Knabe. Any savage breast craving to be charmed, soothed and made as gentle as a lamb, kindly apply to these artists. Savage breasts charmed without cost at KHJ.

Their duet numbers were: "Serenade," by Kotschmar, arranged by Mrs. Stroup, and "The Day is Ended," by Bartlett. Mr. Martin

European Male Quartet

We had a boy reader on the evening program, Louis Wilson Heller, who told all about "How Jimmy Tended the Baby." Then he recited "The Small Boy," a poem by Marquita Kline, pianiste, artist pupil of Alice McComas Gray, played selections for the kids and lassies. She has marked talent and her numbers provided musical enjoyment to a great air audience.

Now, if you don't believe me, then all you've got to do is look at the book of "The Small Boy," which you'll find it's true. Here's wishing you joy and a feather for your hat. If you had to live on bird seed you never would get fat.

The complexion which  
always attracts

She may not be beautiful, this girl who wins attention, and other women wonder what men see in her. Look again, and the compelling charm proves to be a smooth, fresh, flawless skin, radiant with the charm of health.

Such a complexion transforms even plain features and lends beauty to every type. It is an attraction every woman can achieve if she will learn to give her skin proper care.

Cleopatra's beauty secret

The means was discovered 3,000 years ago in ancient Egypt. The use of palm and olive oils as cosmetic cleansers was one of Cleopatra's beauty secrets. There is nothing known so good for skins as palm and olive oils. And these are blended in Palmolive soap.

Soap is essential

Nothing takes the place of soap. Use whatever else you will. But once a day, wash off the oil, dirt, perspiration and powder, which clog the pores.

To do that you need soap. Not ordinary soap, harsh and irritating. That

is not for faces. Use a soap which is an emollient, which is smooth and balmy in effect. Such soap is made by modern science from blended palm and olive oils.

Before you sleep

Use powder and rouge if you wish, but don't leave them on at night. Remove them with a soft, penetrating, cleansing lather.

Blackheads and pimples result from clogged pores. Wash your face nightly with mild, pure soother Palmolive soap and protect yourself against skin troubles.

Millions of women keep their skins clean and healthy, smooth and fresh, by the use of Palmolive soap.

10 cents the modest price

No higher price can buy a better skin soap. The supreme ingredients in a facial soap are palm and olive oils.

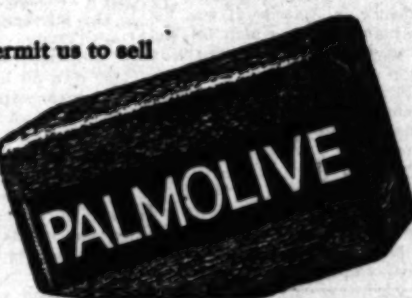

The Palmolive price is due to mammoth production. And to our policy—to bring the best within the reach of all.

You'll Like the Gul-BRAN-sen—It's Different

THERE'S A THRILL IN  
PLAYING MUSIC ONE  
CANNOT GET FROM  
LISTENING

ONE thing is sure—you'd rather play music, personally, than just listen. With a Gul-bransen you can do both, by having the electric reproducing attachment which perfectly reproduces the interpretations of the world's greatest artists, or you can play good music, yourself, just as you want to play it!

It's easy. Instruction Rolls are provided. All the family will quickly become expert.

All the fun without long practice! All the joy without hard work!

All the music that you long for, played with feeling and effect!

And here's more! The words are on the rolls. Play in any key. Pause when you will—then faster, with perfect shading.

Express yourself, musically. There's nothing quite like it.

Gul-bransen Players and Reproducing Piano with complete equipment and two years to pay—\$175.00 to \$275.00.

VITAGRAPH TO  
RESUME HERENew Studio and Theater Are  
to Be ErectedPlant in East Will Be Sold,  
Says PresidentLone Star Picture Policy Is  
Abandoned

BY GRACE KINGSLLEY

The Vitaphone Company is to return to its pristine glory as a producing company, according to plans now being made by Albert E. Smith, head of the company, who has just come West with his wife, known professionally as Jean Paige.

These plans announced by Mr. Smith yesterday include the building of a large theater in Los Angeles, to serve as an outlet for the Vitaphone features, and the erection of a new studio on the big site in Hollywood on which the present studio buildings stand.

The theater will be built as soon as negotiations for a certain downtown site are closed; and the studio will be erected when the eastern Vitaphone studio is sold, which promises to be within a month or so.

Big features with all-star casts are to be made by Vitaphone, according to Mr. Smith. Two new directors shortly to be announced are to be signed, and the program picture and star system are to be done away with. In addition to two new directors, President Smith and J. Stuart Blackton are to direct.

**ALD STAR PICTURES**  
"I shall never produce any more long star pictures," said Mr. Smith. "Stars are too difficult. Besides, the story is the thing, and that the director, and we shall concentrate on directors and stories. Of course we shall use stars, but only as members of all-star casts."

"Stars become selfish and egotistic. And they do not help the sale of a picture. In fact, they hinder it. If we advertise a picture, so-and-so in such-and-such a story, it doesn't bring nearly so much money as it does if we advertise such-and-such a story with so-and-so."

J. Stuart Blackton probably will be made director-general. He will come West within two or three weeks. As soon as he returns he will start directing a series of productions from a number of books and plays to which he has obtained rights. Blackton is bringing his family. He will announce the names of the stories he will produce when he comes.

**MISS CALHOUN TO APPEAR**  
The Vitaphone Company is to make from eighteen to twenty-five pictures a year, which the company are working full force.

One director who is to make at least one picture for Vitaphone is Tom Terriss, now in Egypt making pictures, but who will be home soon. He will make with an all-star cast Amelia Rivers' "The Hidden House."

"The Man Who Door," which is better known as "The Man Who Door," an all-star cast headed by Alice Calhoun, and for which complete sets have been built, is an example of the Vitaphone productions, which are to be made in the future, says Mr. Smith. Miss Calhoun is to appear in all-star features during the remainder of her contract, which has a couple of years yet to run. Her popularity is steadily growing of late.

**SMITH TO DIRECT**  
President Smith is anxious to direct once more, he says.

"I have not directed for four years, but I want to do it once more. I feel that the picture business is getting now would be interesting to me to put on the screen."

Mr. Smith says he expects to direct his first picture for Vitaphone in the near future. The deal is nearly closed, he says. All departments of Vitaphone are housed in the East will be brought West also.

Jean Paige will not appear again on the screen, declares her husband.

Both Mr. and Mrs. Smith have been confined to their home on Camino Calaveras, Hollywood, with colic since their return from New York.

**Indians Invade City Today on Trip of Peace**

Los Angeles will be invaded by Indians today. At 3:30 a. m. a tribe of full-blooded Arapahoes will pile off the Union Pacific Limited, officially chartered by Maj. T. J. McCoy of the government Indian Service.

The Arapahoes are coming here from their reservation near Casper, Wyo. For the majority it will be the first time away from the land set aside for their use by the government. All were eager to make the trip. Seeing the Pacific Ocean was a great factor in selling the redskins the idea of coming to Los Angeles. A warmer climate also proved helpful. On their reservation the snow is several feet deep and the temperature is down near zero.

The visiting redskins are a part of the primitive Americans who took part in the making of "The Covered Wagon." They have been brought here by Jesse L. Lasky and Sid Grauman for the opening on Tuesday night of the big production dealing with the "Winning of the West," at Grauman's Hollywood Egyptian Theater.

**SUIT OVER "LOYALTY"**  
FILM GOES TO TRIAL

Seeking a one-fourth cash interest in the film, "Loyalty," produced as propaganda for the Wright Act, the suit of H. A. James against Charles S. Hall and others yesterday was on trial before Judge Leahy in Superior Court.

The plaintiff asserts that he assisted in raising the money for the production of the film and is entitled to share in the profits. In a cross-complaint brought by the defendants it is asserted that James never gave them any money.

The trial will be resumed today.

STAHL PICKS PRETTY "WANTER"  
Youthful Star Given Important RoleFamous Master of Locks  
Escapes From Straight-Jacket in MidairSecurely strapped in a regulation  
leather straight-jacket by three local police detectives and hoisted fifty feet in the air by a rope attached to his ankles from the balcony of a South Broadway building yesterday noon, Harry Houdini, internationally famous master of locks and intricate situations, wiggled and squirmed through one minute and forty seconds of aerial acrobatics before he succeeded in releasing himself.

More than 5000 people watched Houdini, the sweat rolling from his face in streams and his body wriggling violently in various contortions, gradually work the jacket from his body and throw it to the ground. The time for the entire act, which has mystified police throughout the country, consumed less than five minutes.

Long before Houdini arrived from the Orpheum Theater, where he is playing this week, the street was packed and traffic was practically halted. Windows in all adjacent buildings were filled to capacity. While Detective Lieutenants Barr and Finlison each held one of the wizard's arms, a security Police Lieutenant Thernberg strapped the jacket on Houdini and then carefully inspected all fastenings. Four minutes and forty-five seconds after the jacket had been strapped on him, Houdini again stood on the ground, dizzy and wet with perspiration, but still smiling.

Seven weeks ago in a test held in San Francisco, Chief of Police D. J. O'Brien also failed to strap Houdini, the latter escaping in about the same length of time.

Two Gypsy Women  
Nabbed After Money They Handled Was Found Short

Two women gypsies are held at the City Jail on a charge of petty larceny and a third is being sought today for performing sleight-of-hand tricks with other people's money.

The two women under arrest are Katy Mark, 25 years of age, and Rosa Mettler, 40. They were taken into custody yesterday by Patrolmen Bishop and Filkins after they were said to have been in the cash register of the P. & B. Hardware Shop at 115 West Ninth street. The shop is operated by J. Perlman.

The arrested blessing over, the cashier in the coffee shop discovered that \$20 was missing. The two officers were summoned and arrested the women near the store.

Earlier in the day a gypsy woman, and a child, 12 years of age, entered the Tuttle-Lyon Shop at 609 South Olive street and told the manager, the manager, they could bring prosperity to the business if he would allow them to bless his money. They had taken \$60 of the roll.

**SHATTERED ROMANCE IS PATCHED UP**

Sculptor and Actress Wife Agree, and Divorce Suit Will Be Dropped

A reconciliation has been effected between Carlton Gardelle, Hollywood sculptor, and Yvonne Gardelle, his former model, it was announced yesterday by Attorneys Zanzwyl and Glass, representing the husband. The divorce suit will be dropped, it was stated.

The shattered romance was patched up after a conference in the offices of Mr. Gardelle's attorney. After the conference the sculptor and the woman, whom he adopted and raised since she was a child, walked out of the offices arm in arm, smiling happily.

Mrs. Gardelle is now employed by the Metro Film Company. The suit for divorce was filed by her on February 24.

And the husband declares he was quite lost in his patience when he was walking with his wife one day on a street and saw a man, G. C. Nelson. He declares his wife rushed up to Mr. Nelson, threw her arms about him and kissed him squarely on the lips. Nelson is named as correspondent.

Film Producer Wins Action, Begun by Distributor

Justice Robert H. Scott yesterday dismissed the charges of grand larceny against H. Y. Romayne, a motion-picture producer, and president of the Romayne Super-Film Company, on the ground that no crime had been committed.

The judge's decision was said to have been based on a statement of the thirteen centers where parents go for instruction and for advice on child welfare.

The action grew out of a fight between the trustees of the Cinema Distributing Company, a common law trust, relative to the purchase of a film from the Romayne Super-Film Company.

More Than 500 Infants Are Being Tested and No More Can Be Handled, Officials Declare

"Positively no more babies can be registered in the annual baby show this year," Dr. Maude Wilde, president of the Mothers' Educational Center said yesterday at the close of the second day of the National Baby Week program at Plymouth Center, 610 West Twenty-first street. More than 600 babies are being tested.

More than fifty children daily have been given mental and physical examinations by experts in child welfare and each baby has a foot print as a souvenir. Taking identification foot prints is one of the most popular features.

Committee women in charge of Hollywood Day yesterday were swamped with requests to enroll other children for examinations, but they were informed that only those signing early in the week could be accepted.

Today is Van Nuys Day, with Mrs. Howard S. Trotter in charge. The center's next charge is Women's Center, located in Plume Center, where the day's program and many mothers living in Van Nuys have been asked to be allowed to enroll their children in the show and visit the center regularly.

Other centers co-operating with the annual baby show are the Women's Center, located in Plume Center, where the day's program and many mothers living in Van Nuys have been asked to be allowed to enroll their children in the show and visit the center regularly.

THRILLING  
ACT PUT ON  
BY HOUDINIFamous Master of Locks  
Escapes From Straight-Jacket in MidairSecurely strapped in a regulation  
leather straight-jacket by three local police detectives and hoisted fifty feet in the air by a rope attached to his ankles from the balcony of a South Broadway building yesterday noon, Harry Houdini, internationally famous master of locks and intricate situations, wiggled and squirmed through one minute and forty seconds of aerial acrobatics before he succeeded in releasing himself.

More than 5000 people watched Houdini, the sweat rolling from his face in streams and his body wriggling violently in various contortions, gradually work the jacket from his body and throw it to the ground. The time for the entire act, which has mystified police throughout the country, consumed less than five minutes.

Long before Houdini arrived from the Orpheum Theater, where he is playing this week, the street was packed and traffic was practically halted. Windows in all adjacent buildings were filled to capacity. While Detective Lieutenants Barr and Finlison each held one of the wizard's arms, a security Police Lieutenant Thernberg strapped the jacket on Houdini and then carefully inspected all fastenings. Four minutes and forty-five seconds after the jacket had been strapped on him, Houdini again stood on the ground, dizzy and wet with perspiration, but still smiling.

Seven weeks ago in a test held in San Francisco, Chief of Police D. J. O'Brien also failed to strap Houdini, the latter escaping in about the same length of time.

Two Gypsy Women  
Nabbed After Money They Handled Was Found Short

Two women gypsies are held at the City Jail on a charge of petty larceny and a third is being sought today for performing sleight-of-hand tricks with other people's money.

The two women under arrest are Katy Mark, 25 years of age, and Rosa Mettler, 40. They were taken into custody yesterday by Patrolmen Bishop and Filkins after they were said to have been in the cash register of the P. & B. Hardware Shop at 115 West Ninth street. The shop is operated by J. Perlman.

The arrested blessing over, the cashier in the coffee shop discovered that \$20 was missing. The two officers were summoned and arrested the women near the store.

Earlier in the day a gypsy woman, and a child, 12 years of age, entered the Tuttle-Lyon Shop at 609 South Olive street and told the manager, the manager, they could bring prosperity to the business if he would allow them to bless his money. They had taken \$60 of the roll.

**SHATTERED ROMANCE IS PATCHED UP**

Sculptor and Actress Wife Agree, and Divorce Suit Will Be Dropped

A reconciliation has been effected between Carlton Gardelle, Hollywood sculptor, and Yvonne Gardelle, his former model, it was announced yesterday by Attorneys Zanzwyl and Glass, representing the husband. The divorce suit will be dropped, it was stated.

The shattered romance was patched up after a conference in the offices of Mr. Gardelle's attorney. After the conference the sculptor and the woman, whom he adopted and raised since she was a child, walked out of the offices arm in arm, smiling happily.

Mrs. Gardelle is now employed by the Metro Film Company. The suit for divorce was filed by her on February 24.

Husband in Divorce Complaint Says Other Men Cared

William Wesley Warn said in a divorce filed yesterday he considered it just his wife's playful disposition when she hugged and kissed him in arm, smiling happily.

But Mr. Warn said he felt somewhat aggrieved when he came on one day in the lap of a strange man in an automobile, he said.

And the husband declares he was quite lost in his patience when he was walking with his wife one day on a street and saw a man, G. C. Nelson. He declares his wife rushed up to Mr. Nelson, threw her arms about him and kissed him squarely on the lips. Nelson is named as correspondent.

Film Producer Wins Action, Begun by Distributor

Justice Robert H. Scott yesterday dismissed the charges of grand larceny against H. Y. Romayne, a motion-picture producer, and president of the Romayne Super-Film Company, on the ground that no crime had been committed.

The judge's decision was said to have been based on a statement of the thirteen centers where parents go for instruction and for advice on child welfare.

The action grew out of a fight between the trustees of the Cinema Distributing Company, a common law trust, relative to the purchase of a film from the Romayne Super-Film Company.

FLASHES  
STAR TO TRAVEL

BETTY COMPTON SIGNS FOR  
LONDON FILMS

By Grace Kingsley  
The English picture producers  
certainly are after the American  
picture stars these days, and seem  
to be willing to pay any salary to  
obtain them.

The latest star to succumb to  
the lure of English money and En-  
glish screen art is Betty Compton,  
who is just completing her con-  
tract with Famous Players-Lasky  
and who has received a starring of-  
fer with a tremendous salary at-  
tached from one of the established  
English companies.

Miss Compton is to leave for  
London just as soon as she finishes  
her present picture, "The Woman  
With Four Faces." She will star  
in a series of four pictures, with  
Graham Cutts, well-known English  
director, directing. The first of  
these will be a film version of an  
English play called "Woman to  
Woman," which has been running  
with big success in London.

Following the first picture, Miss  
Compton means to make a trip to  
Paris, and later will visit all the  
European countries. It is just pos-  
sible that one of her pictures will  
be made on the continent.

Miss Compton is overjoyed at  
the idea of a long sojourn abroad.  
She has always longed for such a  
trip, she says, and now that she  
can make it under the most pleas-  
ing circumstances, she feels that  
she should not on any account  
forego it.

The star was formerly with the  
Christie company. She made her  
first sensational success in "The  
Miracle Man," in which she was  
hailed as one of the screen's great  
actresses. Following a series of  
pictures with her own company,  
she was signed as a star with the  
Lasky company, and has been ap-  
pearing in Lasky productions dur-  
ing the past two years.

Miss Compton's beauty won her  
world-wide recognition even while  
she was appearing in Christie  
comedies. She has been painted  
by numerous artists. After "The  
Miracle Man," her acting talents  
were recognized, and she has  
starred in a number of Lasky pic-  
tures directed by Feodor Smol-  
low, and others.

Besides her acting gifts, Miss  
Compton is an accomplished vi-  
olinist. It was while appearing as  
a single, playing the violin, on the  
Pantages circuit, that Miss Com-  
pton was seen by Al Christie, who  
at once was attracted by her beau-  
ty, and signed her up for pictures.

Miss Compton has just bought a  
handsome home in Hollywood. Her  
mother will occupy the house dur-  
ing the star's absence, which it is  
expected will last for something  
over a year.

"Demi-Virgin" at Little  
These theatrical patrons who  
have been frightened away from  
the Little Theatre by the name of  
the institution, with its high-brow  
implications, need remain away no  
longer on that account. This week  
Willard Mack is appearing in "Red  
Bulldogs," a melodrama of the  
North.

And now Avery Hopwood's spicy  
farce, "The Demi-Virgin," is an-  
nounced to hold forth during the  
week beginning April 16. This  
will be the first showing of the  
play in this city.

Nancy Fair, formerly of the Mo-  
rocco here, and who played in New  
York for a season, will appear in  
several weeks in San Francisco,  
to be the featured member of  
the play.

Enhancing Glittering Pageant of Cinema

**Barbara La Marr**  
and all the actors. They're mak-  
ing real movies from New York.

Soon the director noticed that  
his gang of Gramercy Park  
outsiders had mysteriously grown  
from six to nearly thirty-six.  
"Here, Bunn," he yelled to his  
assistant. "Where'd this recruit  
come from?"

Then Bunn went on a still hunt  
for a hole in the wall, and came  
upon the youthful financier work-  
ing his hollyhock outside.

But the embryo Barnum won't  
probably have another job with Mr.  
Borsage. He will be advised that  
his financial abilities should place  
him in vulgar trade rather than in  
the arts.

**UNIVERSAL'S NEW DIRECTOR**  
Lloyd Bacon, son of the late  
Frank Bacon, famous character  
actor of the stage, who scored  
such a tremendous hit in "Light-  
nin'" and himself a well known  
comedy director, has been an-  
gaged to direct single reel com-  
edies for Universal. The comedies  
are featuring Walter Fordy, a  
well-known English comedian.  
Production on the first will start  
at once.

The new Bacon unit is one of  
three which will be in operation  
under the general supervision of  
Tommy Gray.

Eddie Laemmle to Wed  
At last the secret is out regard-  
ing the marriage of Edward Laem-  
mle, world famous film direc-  
tor, who left Los Angeles re-  
cently to enter the state of mari-  
age to hold forth during the  
week beginning April 16. This  
will be the first showing of the  
play in this city.

## FORMER NURSE IS GIVEN D.S.M.

Two San Diego Residents Are  
To Be Honored.

Ceremony Will Be at Fort  
Rosecrans Today

Citation Praises Woman's  
War Record

(SPECIAL DISPATCH.)  
SAN DIEGO, April 4.—A signal  
honor will be accorded a San Diego  
woman tomorrow when Mrs. Edith  
A. Kershaw is awarded the Distin-  
guished Service Cross. The award  
will be made at a ceremony to be  
held at the fort at 11 o'clock.

The citation of the War Depart-  
ment, which accompanies the award  
to Mrs. Kershaw, reads as follows:  
"Edith A. Kershaw, assistant sur-  
geon, United States Army, Nurse Corps,  
has distinguished herself by her  
exceptionally meritorious and  
distinguished service as chief  
nurse on duty at the Nurses' Mo-  
bilization Station, Ellis Island, New  
York, during the period of the  
war, she rendered invaluable  
assistance to the medical depart-  
ment by instructing newly appointed  
nurses before embarkation for  
overseas, and through her untiring  
efforts and unusual capabilities a  
splendid example for all who  
served in contact with her. Later,  
as assistant superintendent in the  
office of the Surgeon-General, she  
supervised the service of high value  
of the Army Nurse Corps."

"This is one of the most distin-  
guished awards ever paid to a woman World  
War worker by the United States govern-  
ment," Capt. J. L. Kershaw of the  
San Diego Post Office, at her home,  
250 Fifth street.  
Col. Kershaw is honored for "ex-  
ceptionally meritorious and distin-  
guished service as commanding  
officer of the Des Moines Seventy-  
eighth Infantry Brigade, during the  
war, in organizing and training  
that unit for battle."

Tourists go home via "Coronado"  
and see Carlos Gorge.—(Adver-  
tiser.)

## Angelenos to Get Welcome From Hanford

(SPECIAL DISPATCH.)  
HANFORD, April 4.—The Los  
Angeles boosters who are to be  
here on the 11th inst. from noon  
to 2:30 p.m. on their second an-  
nual Golden Rule society tour,  
will be given a hearty reception at  
a luncheon and automobile ride  
to the guests, who will be given  
the welcome always accorded to  
delegations from the Southland.

Arrangements also were ordered  
made for a delegation of prominent  
Hanfordites and the County Board  
of Supervisors to confer with the  
State Highway commissioners,  
who will visit Visalia, Hanford  
and Coalinga on the 13th inst. on  
their tour of highways of the San  
Joaquin Valley. All three cities  
will urge that provision be made  
to grade and gravel the establish-  
ment miles of unimproved road in  
the system, 160 miles in length.

## FIRMS AT REDLANDS CHANGING LOCATIONS

BUSINESS SECTION OF CITY  
SHIPPING AS STORES  
ARE MOVED

(LOCAL CORRESPONDENT.)  
REDLANDS, April 4.—Redlands  
business section is undergoing a  
shake-up with several establish-  
ments seeking new quarters and a  
scramble among new firms to estab-  
lish themselves in the business  
district to another of  
some of the largest stores.

Two hardware stores, the largest  
in the city, are to change location.  
E. M. Cope & Co., having bought  
a building on East Orange avenue,  
will move from its present location  
on Orange street. F. J. Grange  
Hardware Store will be moved  
from Orange, between State and  
Citrus, to the place now occupied  
by Cope to Orange, between State  
and Central.

Goldman's sporting goods store  
has been moved from the old  
location on Fifth and Fifth.  
Russell Electric Company has  
moved from State street to Orange,  
between State and Central.  
M. G. Van Loan, jeweler, has  
moved a block north on Orange.  
The Central Market, which  
occupied the building bought by  
Cope, has been moved to East  
State street, having guarded the  
Sanitary Grocery there.

It is said a grocery firm will  
establish a store in the recent vacan-  
cies by Grange, and that another  
chain store is bidding on the room

## PASADENA HIGH HAS LARGE SENIOR CLASS

By a "Times" Staff Correspondent  
PASADENA, April 4.—The grad-  
uating class of Pasadena High  
School will be the largest in the  
State this year, according to Miss  
Ida E. Haves, head of the graduat-  
ing department and in charge of  
commencement exercises. The class,  
which will number 420 to 450 stu-  
dents, will be the first to graduate  
from the new Pasadena stadium.  
Commencement exercises will be  
held on June 15, the exercises to begin  
at 1:15 o'clock in the afternoon. Miss  
Haves also stated that the school  
now has a \$25,000 scholarship  
fund, the largest of its kind in the  
United States.

## NAME ELISOR TO SUMMON JURY

Hanford's Regular Officers  
Disqualified in Liquor  
Trial

(SPECIAL DISPATCH.)  
HANFORD, April 4.—All  
local officers being disquali-  
fied to summon a jury to try  
Shelby M. Brown, accused  
of the possession of liquor, a  
special elisor was appointed  
to obtain a jury. The case  
is on trial in the Superior  
Court today.

Brown is one of the most  
noted captured three months  
ago by local officers when  
the men called to deliver li-  
quor to a motion picture plant  
which a detective and the  
District Attorney had used as  
a decoy. He is also on bail  
from the Federal Court on a  
liquor charge.

Instead of the legal panel, forty-six  
persons presented themselves  
for jury service. An ex-  
amination of the returns of sub-  
poena made by Deputy Sheriff  
disclosed that numbers were pre-  
sent whose names did not appear  
on the jury list.

Deputy Sheriff Pat Davis  
was placed on the stand and swore  
that the list returned was a true  
and correct one of the persons  
summoned and that he had no way  
of knowing if any of the names  
numbered that appeared for service.

Following dismissal of the venire  
numbered by the returns of sub-  
poena, the case, wherein the sale of  
liquor is charged, was reset for  
the 11th inst.

## MAKE COUNTER-CHARGE

Defendants in Suit Say Land Under  
Water Was Sold

(SPECIAL DISPATCH.)  
SANTA ANA, April 4.—In an-  
swer to a suit filed against them  
for \$10,000, William and Etta Dun-  
can in Superior Court today  
charged that the plaintiffs, who  
are suing them for the sale of land  
in Lyon county, Minnesota,  
were in possession of the land  
at the time of the sale.

In the original suit Plaintiff stated  
that the land in Minnesota  
valued at \$10,000 for oranges  
and walnut property which the  
Duncans represented as worth  
\$10,000 an acre. Later, they  
found that the orchard was not  
the "frost-free" belt, as represented,  
and the crop which had been  
promised him was harvested. The  
value of the orchards, he also said,  
was that Plaintiff investigated their  
property before he bought it.

## TRIES TO KILL OFFICERS

Woman Protecting Great Quantity of Wine in Cellar  
of Home Attempts to Use Shotgun

(SPECIAL DISPATCH.)  
SAN BERNARDINO, April 4.—Protecting 5000 gallons of wine  
stored in a cellar under her home at Decies, Mrs. Teresa Rappolo last  
night attempted to kill three deputy sheriffs with an automatic shot-  
gun.

The officers, Jack Brown, Otto  
Kirkendall and Jesus Amarias,  
went to the Rappolo ranch to ar-  
rest Frank Rappolo on a warrant  
charging violation of the Wright  
act. He was not at home.

Deputy Sheriff Brown read a  
search warrant to Mrs. Rappolo,  
who apparently could not under-  
stand English. While Deputy  
Brown read the warrant, Mrs. Rap-  
polo, who was armed with a shot-  
gun, and gestures attempted to  
explain. Deputies Kirkendall and  
Amarias went to the cellar, where  
they found three 50-gallon bar-  
rels, five fifty-gallon barrels and  
hundreds of bottles of wine.

Mrs. Rappolo followed the offi-  
cers into the cellar, protesting un-  
intelligibly. Seeing that the men  
were confiscating the wine, Mrs.  
Rappolo ran into the house and  
locked the door.

the shotgun. Officer Brown went

## ATHLETE OF YEARS AGO PASSES ON

One of Country's First  
Professional Sprinters Dies  
in Redlands

(LOCAL CORRESPONDENT.)  
REDLANDS, April 4.—Charles  
J. Elias, one of the first profes-  
sional sprinters this country ever  
knew, died at his home in Redlands  
today after a short illness. He was  
53 years of age. It has been al-  
most sixty years since he won a  
foot race across a long bridge in  
New York on which several thou-  
sands of spectators had been waded.

Not long ago he exhibited his  
running shoes, one of the first  
pairs ever made, for that purpose  
in the country, his trunk and  
Jersey. He ran many races, but  
never was tired. He said that in  
those days the races were for a  
certain distance and time did not  
enter into it, victory being the  
main thing.

Mr. Elias has lived here for  
about thirteen years. He leaves  
a widow and ten children. They are  
Fred, Topeka, Kan.; Harry of Mt.  
Summit, Va.; Mrs. Eva O. Smith,  
Redlands; Mrs. Anna Cowan, Port-  
land, Or.; C. J. Beaumont, Tor-

## Ramona Park to Celebrate With Carnival

(LOCAL CORRESPONDENT.)  
RAMONA PARK, April 4.—In  
celebration of the installation of a  
new street lighting system on South  
Garfield avenue, the local busi-  
ness men's association will con-  
duct a street carnival and dance  
tomorrow evening.

All business men of the district  
are working to make this a great  
event, and many prizes will be given  
on City Manager Lorraine's plan  
of the carnival. The button  
which will turn on the lights in  
the new system, and will open  
the Ramona business section in  
growing rapidly. The ornamental  
lights will further establish it as  
one of the most flourishing busi-  
ness districts in this section.

While in Washington from the  
13th to the 15th inst., Dr. Milikan  
will attend the meeting of the  
National Association of Scientists,  
the American Physical Society and the  
National Research Council. He  
will return to Pasadena about May 1.

## POMONA NOW ASKS FOR RIGHT OF WAY

(SPECIAL DISPATCH.)  
POMONA, April 4.—A formal  
application from the city of Pom-  
ona to westland property owners  
asking for a seventy-foot right of  
way through their property so the  
Westland street extension can be  
made was voted by the City Coun-  
cil today. It will be mailed to the  
property owners this week.

This extension is wanted to  
eliminate the four dangerous cross-  
ings at the west city limits. Both  
the Southern Pacific and the  
Santa Fe Railroad have been asked  
to grant the extension. The County  
Superior has appropriated funds  
to carry the work to completion.

## LONG BEACH MAN GETS SENTENCE

Double Prison Sentence Is  
Pronounced on Assorted  
Misdemeanor

(By a "Times" Staff Correspondent.)  
LONG BEACH, April 4.—If  
Eugene O'Connor could consider  
variety as a spice, he will  
look forward more eagerly to  
the beginning of his year's  
residence in jail. O'Connor today  
was given two 180-day  
prison terms in Long Beach  
Police Court on charges of  
intoxication and of insulting a  
woman.

The defendant was ar-  
rested yesterday charged  
with drunkenness. Today he  
was identified by a mother  
who testified he had insulted  
her daughter in the street  
last week. O'Connor will  
spend the first 180 days in the  
County Jail at Los An-  
geles, and the last 180 days  
in the new Long Beach City  
Jail.

## PASADENA SCIENTIST GOES EAST

Dr. Milikan Will Address  
Several Scientific Societies  
Before He Returns

By a "Times" Staff Correspondent  
PASADENA, April 4.—Dr. Robert  
A. Milikan, chairman of the  
executive council of the Califor-  
nia Institute of Technology and  
director of the Norman Bridge  
Laboratory, left for the East yester-  
day to attend a number of  
scientific meetings.

His first destination is New  
York, where he will address the  
American Institute of Electrical  
Engineers on the 11th inst.  
The organization recently award-  
ed Dr. Milikan the Edison med-  
al, which is given annually for the  
greatest achievement in the field  
of physics and electricity.

On the 14th inst. Dr. Milikan  
will give an address in Water-  
bury, Conn., at the annual meet-  
ing of the American Physical Society.  
Three days later he will address  
the physical Union in Wash-  
ington.

His most important address will  
be given at the annual meeting of  
the Carnegie Institution of Wash-  
ington on the 19th inst. Dr. Milikan  
is a research associate of the  
organization.

While in Washington from the  
13th to the 15th inst., Dr. Milikan  
will attend the meeting of the  
National Association of Scientists,  
the American Physical Society and the

the Second Rotary District, who  
open their first annual conference  
here tomorrow.

Leslie E. Evans of San Diego,  
past district president, who ad-  
dressed the meeting of the Rotary  
Club today, stated that the  
primary purpose of the conference  
is to promote camaraderie among  
the club members and to plan  
activities for the district. A  
series of addresses by prominent  
Rotarians will feature the program.

## KERN COUNTY REALTY BOARD ELECTS HEADS

(SPECIAL DISPATCH.)  
BAKERSFIELD, April 4.—The  
annual election of officers of the  
Kern County Realty Board was  
conducted today. The following  
were selected to serve during the  
next twelve months:

President: J. H. Thornber, vice-president: J.  
Robinson, secretary-treasurer:  
H. S. Jewett, W. F. Bray and  
O. R. Blodgett, who, serving  
with the officers of the board, will  
constitute the six members of the  
group standing committees with  
the near future. In appreciation  
of the splendid work that has been  
done during the past year by  
Past President R. A. Moore, a  
resolution expressive of the senti-  
ment of the board will be pre-  
pared and presented. Homer  
Kates, W. McManus and W. F.  
Bray were chosen to prepare the  
tribute.

## VENTURA COUNTY HAVE DAHLIA EXHIBIT

(SPECIAL DISPATCH.)  
VENTURA, April 4.—A dahlia  
show under auspices of the Dahlia  
Society of Ventura county will be  
put on as soon as the flowers are  
in bloom. The show will be held  
at a meeting of the society last  
night. No place in the world, it  
is said, has so many dahlia exhibi-  
tions as Ventura county. Last year  
there was a dahlia exhibition that  
attracted thousands of people.

The combined forces of the  
county and city officers arrested  
eleven accused liquor traffickers in  
San Bernardino in the two days.  
All are accused of violating the  
Wright act.

## BOOZE DEALERS ARE STAMPEDED

Santa Barbara Bootleggers  
Are Hard Pressed

Sheriff and Police Co-operate  
in Liquor War

Asserted Violators May Go  
to Federal Court

(SPECIAL DISPATCH.)  
SANTA BARBARA, April 4.—  
The Sheriff working over the coun-  
ty and the police working in the  
city have caused a regular stamp-  
ede among the bootlegging frater-  
nity. For two weeks a special  
operative has been at work for the  
officers buying liquor, and planning  
for the general raid which today  
will sweep the city and the County  
Jail and two in the County Jail.

The county raid occurred at Los  
Alamos. There, two foreigners  
were caught, after they had sold  
liquor to Deputy Sheriff John  
Longawa of Sheriff Ross's person-  
al staff, and state. Delmar  
Champ, working out of the office  
of Dist. Atty. Clarence Ward, who  
was taken on a raid that he will  
clean up liquor sellers over the  
county. The two foreigners pleaded  
guilty and paid fines of \$100 each,  
while a carload of moonshine and  
sour wine was confiscated.

The police arrested the owner of  
a still, and the still is being per-  
mitted to be destroyed. A large  
quantity of moonshine, in addition to a  
can of physics and electricity.

## Wife's Refusal to Return Gives Husband Decree

His wife wrote him a note last  
night that she would not return  
Robert Smith Fitzgerald testified  
yesterday in Superior Court, where  
Judge Summerfield granted him a  
divorce from Fay L. Fitzgerald on  
the ground of desertion.

The note, which was adduced as  
evidence, read as follows: "I have  
written and told you many and many a time I  
am not coming back to you. Why  
do you keep worrying me with  
your asking. Please let me live  
the last. I will never live with  
you again. Fay."

The note followed Fitzgerald's  
request to his wife to come and  
live in Pasadena, where he had  
obtained a position as night cash-  
ier at the Hotel Maryland, he said.  
The plaintiff was represented by  
Attorney R. G. Thompson.

## DISPUTE WITH TELLER OFFERS THEFT CLEW

A few words dropped at a bank  
teller's window and overheard by  
a detective who was there on an-  
other mission solved the mystery.  
The police declared, of who robbed  
Z. Kurek, shoe dealer at 207 South  
Main street, of nearly \$2000 in  
cash and checks last January and  
caused the arrest yesterday of  
Robert Carakelien and Harold  
Hammer.

Carakelien was formerly an em-  
ployee of Kurek, according to De-  
tective L. H. Hansen, who said he  
had found him in Gardena and Humphrey  
in Gardena. Detective Mc-  
Gowan overheard a dispute over a  
check a couple of days ago, he  
said, and recognized it as one of  
the taken from Kurek. It was  
traced, he asserts, to the two pris-  
oners.

## FIND OIL TRACE NEAR SAN DIEGO

Eight Barrels Accumulate  
On Water in Well at  
Mission Bay

(SPECIAL DISPATCH.)  
SAN DIEGO, April 4.—  
What is declared to be the first  
definite trace of oil  
found in any quantity in this  
county was discovered by  
workers this morning at a  
well being sunk near  
Mission Bay. The total  
amount was said to be  
about eight barrels.

This accumulated on the  
surface of water at a depth  
of 200 feet. It was said that  
the oil was found in a well  
which had been drilled to a  
depth of 100 feet. It is more likely to be  
in the Mission Bay district.  
Several hundred persons  
flocked to the scene today.

## DEDICATION CEREMONIES POSTPONED

Official Aviation Field  
Opening Will Take Place  
on 15th Inst.

By a "Times" Staff Correspondent  
VENICE, April 4.—Dedication  
of the new aviation field, which  
was to have taken place last Sun-  
day, has been postponed until the  
15th inst. according to an an-  
nouncement made by Lieut. C. E.  
Mooley, in command. The post-  
ponement was necessary when it  
was learned Maj.-Gen. Patrick of  
Washington, chief of the air ser-  
vice, would be unable to come to  
this city before the middle of next  
week.

Formation flying, in which 100  
airplanes from all stations in the  
country are to participate, will be  
one of the outstanding features of  
the dedicatory exercises.

Clover Field is to be used as a  
base for officers of the reserve.  
Three hundred aviators, including  
the Southern California have accepted  
the call to re-enter aviation re-  
serve. Officers will be permitted to  
fly any number of hours they  
desire. The Federal government  
will soon have \$15,000 invested in  
the field, which is the first of five  
of its kind to be built throughout  
the United States.

# ABSOLUTE GIRL IN KIDNAPING

## Deputies Expect Arrests of Woman Beaters

### Masked Mob Victims Aids Investigation

#### Special Officer Sought Band Leader

Satisfied that Olive Peters, 37, until recently assisted Mrs. Lee Collins in the management of the cafe at Santa Fe Springs, has nothing that would aid in identifying the five men who abducted Mrs. Collins late Tuesday night, Deputy Sheriff George Fox Schultz returned last night from Laguna Beach, where they had questioned Mrs. Peters.

The deputies declined another phase of their investigation, however, because they were not sure that they would make arrests in the case within a day or so.

They were also seeking whereabouts of a special police officer, who is suspected of being the leader of the masked mob, which took Mrs. Collins from places of business to a lonely beach. Normally and after securing her of "double-crossing" theaters girl in the conduct of the taurant, beat her, and advised her to return to her home.

#### DESCRIPTIVE ASSAULTS

Mrs. Collins, who lives at North Comstock avenue, White, regarding a conference with the city sheriff and the police, has given them good descriptions of the men who attempted to intimidate her. It is believed that the

friend of Miss Peters insisted the abduction.

Collins, who is located in Los Angeles who was suspected of having knowledge of the abduction, was arrested at noon, but deputy sheriffs believe that he would be found shortly.

Collins denied that he had in any defrauded Miss Peters.

"I met her in the Hotel Bonaventure," he said. "She was plain, I think, but she was pleasant, I met her home with me. My husband and I could not get along. She was from Los Angeles, near Springdale and Olive and I said we could make money operating a business together."

Mr. Collins stated that she also furnished the capital for business, while Miss Peters agreed to operate the business on the street in the cafe.

For a time business prospered, according to Collins, but Miss Peters was a liar, whose name officers with began to follow about the cafe and the street was soon deserted.

**IGNORANT PROTESTS**

Despite the protests of Mrs. Collins the man continued to visit her home and she refused to give him statement to officers yesterday, he did not pay for his meals and she refused to let him leave arrived at her place of business she said she found a strange man present, who said he had paid for her half interest from Miss Peters. The latter did not deny and, according to Mrs. Collins, she was not aware of the fact a considerable sum of money which she had been given to the man, who was a stranger.

Late Tuesday night when Collins was preparing to close the cafe, she was surprised to find at the front door, Mrs. Collins rushed to the rear door and then returned to the front door. One pointed a revolver at her and she screamed. She was gagged and thrown in automobile.

The next stop was at the garage where she was thrown and grooved near Downey and the man threatened to shoot. One of the men said she was a liar and she was a prostitute.

The next morning, she told the "L.A. Express" that she told her husband, "I was a prostitute," but her husband threatened to kill her. Peters, but her explanation did not satisfy the men, and so they struck her and she was

She was told that she must leave Santa Fe Springs and that she had within forty-eight hours or so to make the consequences. The men then departed and Mrs. Collins went back by the occupants of a passing automobile and taken to Norwalk. There she called her husband and he rushed to her. The liberator's name was notified and Detective Cooper was called to Norwalk. He springs to attempt to locate the couple, sought. They were seen several days later.

Mrs. Collins is the wife of A. C. Collins and is 60 years of age. He is the brother of the man who is all of whom live in the East.

**Bootleggers' Hearing**  
**Be Conducted Before**  
**Assessments Are Made**

Hearings affecting assessing bootleggers will be held at the city hall. The assessments are made against them, according to instructions received yesterday by United States Collector of Internal Revenue Goodell.

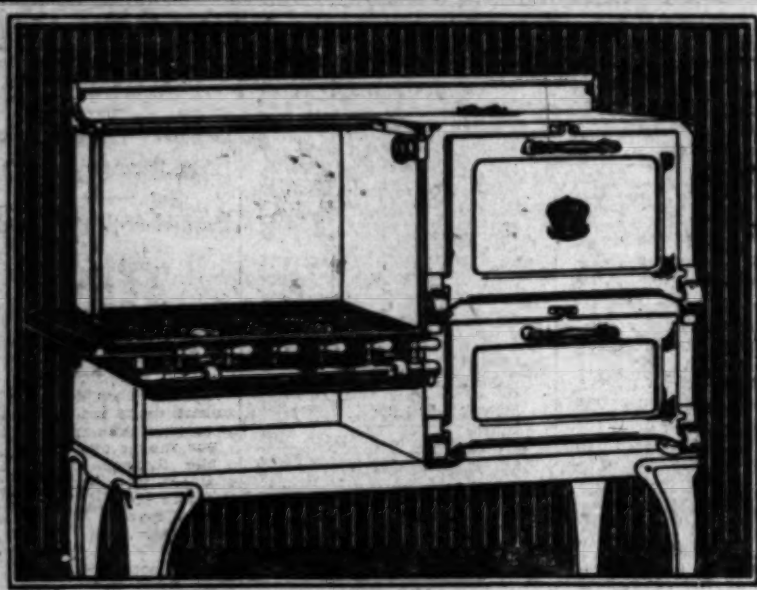

The list on property of 350 assessable bootleggers have been filed, and after hearings vigorous in district court will be issued and assessed. The assessments are in addition to criminal cases imposed by the federal government and run from \$150 to \$3,000 each.

In all cases the lien filed against bootleggers will be made definitely against any property they may possess. If he has no property and wishes to purchase the bootleg business, he will be told no one will accept a mortgage on the property for the unpaid bootleg assessments and he will be dissatisfied. The drive on the bootleggers will begin next week.

### "Suffered Rheumatic Torture for Years,"

Now Restored to Perfect Health

Read What J. C. Jones of Winchester, Ky., Has to Say About ALLENRHU, the Sure Conqueror of Rheumatism.

"For years I was a sufferer from the torture of rheumatism. My limbs (feet and hands) would swell to almost double their normal size. I suffered intense pain day and night so that I could hardly eat or sleep. I had very little hope of ever recovering from the most dreadful and painful disease. A friend of mine seeing how dependent I was over my hopeless condition advised me to try ALLENRHU. I was immediately sent to the George Drug Company in Winchester and got a bottle of the internal treatment and a bottle of the Liniment to use externally. For the sake of other sufferers I wish to say that the results were simply marvelous. After beginning the combined treatment the swelling began to reduce and the pain left me entirely. I continued the treatment until I had taken only two bottles which effected a complete cure. Today I positively feel better than ever before in my life. I feel that I am very fortunate in finding a remedy that has relieved me of the distress and the almost unbearable pains from which I suffered. For the past five weeks I have been working 12 hours a day and haven't even a symptom of rheumatism or ache or pain." Bluned, James C. Jones.

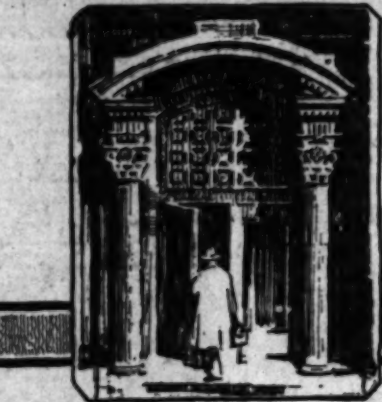

Every druggist in this country is authorized to say to every rheumatic sufferer that if a full pint bottle of ALLENRHU, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pain, he will gladly return your money without comment. ALLENRHU has been tried and tested for years, and really marvelous results have been accomplished even in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. You are sure to get it at all druggists.—(Advertisement)

### NEW CHARGE IN RUM RING CASE

Beach Suspects Face Trial on Added Count

Four Defendants Held While Bonds Are Scanned

Preliminary Examination Is Postponed

When the defendants in the so-called Long Beach rum-running case came before United States Commissioner Long yesterday for their preliminary examination in the case involving the landing of 14 cases of liquor on the pier at the Beach City, on March 22, last, they were met with a new charge—that of violation of the Customs Act of 1913 forbidding the importation of liquor into the country. The first charge was conspiracy to violate the Volstead Act.

In addition to the seven men under the complaint, Mrs. Hazel Talbot, wife of Harry Talbot, who was "high-jacked" out of a cargo of liquor when he sailed south from Vancouver about a year ago, while outside the three-mile limit, appeared as a defendant. Her bond was fixed at \$10,000. She had given a personal bond for the amount, but the value of her bond as well as the bonds for Oscar Lund, Lewis Dudley and W. E. Knowlton did not appeal to United States District Attorney, and they were turned over to the custody of the Marshal until a satisfactory bond to the government was furnished.

**EIGHT DEFENDANTS**  
Those who stood in line in front of Commissioner Long on the second charge were Mrs. Hazel Talbot, A. B. Stewart, A. C. Leahy, V. C. Lord, Jack Miller, Oscar Lund, Lewis Dudley and W. E. Knowlton, who is said to have masqueraded under the alias of John Johnson and Jerry King.

The bond of Stewart, in the sum of \$25,000, and that of Lord and Leahy, \$5000 each, having been furnished by a surety company, were allowed to stand on the charge of conspiracy, and they were released on their own recognizance on the second charge. Jack Miller had a \$10,000 cash bond, he was released on his own recognizance as to the second charge.

**CASE POSTPONED**  
Upon request of Harold H. Doherty, who had charge of the prosecution, the preliminary examination was postponed until the 19th inst. It is understood that the case will be taken before the grand jury at its next meeting on Friday, the 15th inst. An effort to show that the defendants were being prosecuted by the government in the King of the Mountains case, but received scant consideration from Commissioner Long.

### REALTOR TO TAKE BRIDE FROM EAST

Three Months' Romance Brings Wedding Today of O. A. Brown

In culmination of what the two principals term "a bride-path romance" will be the wedding at 3:30 p.m. today of O. A. Brown, Los Angeles realtor, now living at the Ambassador, and Miss Ethel F. Magnin at the Magnin home, 215 West Sixteenth street.

Mr. Brown, formerly president of O. A. Brown & Co. Realtors, is now president of the California Real Estate and Finance Company, a \$5,000,000 corporation recently organized to finance, operate, and own business and income properties.

Miss Gineburg is one of the three children of the late Isaac A. Gineburg, pioneer merchant of Aurora, Ill., and prominently connected with various activities in that city. He was also well known in Republican State politics in Illinois.

The romance between Mr. Brown and Miss Gineburg is said to be of less than three months duration. It developed after the two Misses Gineburg had come to Los Angeles for the winter with relatives from Chicago.

Following their marriage this afternoon, Mr. and Mrs. Brown will depart on a honeymoon tour which will include stops at Santa Barbara, Chicago, Washington and other cities in the East. They will be gone about a month and upon their return will make their home at the Ambassador.

**HANGING SENTENCE IS APPEALED BY SLAYER**

Notice of appeal for Isaac Wolfgang from his sentence to hang for the murder of Patrolman Oliver Dinmore, was filed yesterday. Wolfgang is still in Superior Court. Wolfgang is still confined in the psychopathic ward of the County Hospital.

While Mr. Clark's offer is a most magnanimous one, the copulations he has placed upon it make it unwise, in my opinion, for the Bowl association to accept it. Mr. Blanchard declared last night, "If the offer is finally accepted the association will have to raise \$100,000 for permanent improvements to the Bowl, as well as engage the Philharmonic orchestra for forty concerts there this summer."

### OLE HANSON BLASTS RED COMPOSURE

Charge in Court That All Wobblies Are Cowards Brings Hot Retorts

"All Wobblies are cowards," the declaration of Ole Hanson, former Seattle mayor, and last witness for the State in the trial of fifteen asserted I.W.W. members before Judge Avery in Superior Court, produced a demonstration in the courtroom yesterday and bailiffs had to intervene to restore order.

"I'd like to meet you outside and show you whether I'm a coward or not," shouted one of the defendants, jumping to his feet and whistling off his coat. Others also jumped up while Judge Avery rapped for order, and there were cries, jeers and shaken fists for a moment. But it was soon over.

Hanson told of the asserted troubles Seattle had with the I. W. W. strike while he was mayor, and declared they only came because organization understands is force and violence, and that force was the only argument that could overcome them.

The case has been going on several days, and is being prosecuted by Dep. Dist. Atty. Hill.

### AMERICAS SEEK CLOSE RELATIONS

World Traders Are Told of Possibilities for Business in Latin Countries

The problems and phases of foreign trade were discussed last night at the group session of the World Traders at the City Club and attended by representatives of all industries engaged or interested in business with other countries.

Douglas Allen, of the Bureau Aires Branch of the National City Bank, spoke of the favorable opportunities for closer relations between the Pacific southwest and Argentina since the establishment of a direct steamship line between the two countries aided by the respective governments of the business men there.

It is crying necessity for immediate development of the harbor which will enable Los Angeles to go after and hold foreign trade was the theme of the speaker, and that the service departments of both the Pacific Ports and International Banking and Trade publications with international scope, would be open to members of the organization and help them to get in touch with foreign buyers and sellers.

### March Building Permits Reach New High Mark

All records for building permits issued to Hollywood builders in the course of a single month were smashed during March, according to information made public yesterday.

More than \$2,000,000 in building permits for structures which are to rise in the Hollywood City, among them being the new Hollywood Athletic Club which is now under construction and which will cost in the neighborhood of \$500,000; a new school building to cost \$120,000; an apartment-house costing \$100,000 and dozens of flat buildings, duplex bungalows, bungalow courts and single residences.

### ROW OVER WOMAN ENDS IN SHOOTING

Police yesterday were seeking for Lawrence LaPaglia, barber of 235 North Roman street, who, it is asserted, shot Everett Williams in a quarrel over a woman. Investigation by Deputy Sheriff Bright and Modie indicated that Williams had roughly accosted LaPaglia, accusing him of going out with a woman in whom Williams was interested. Williams struck LaPaglia in the face, the detectives say, and LaPaglia shot him. LaPaglia disappeared after the shooting.

The investigators concluded that he shot in self-defense, and are not planning any action against him, beyond a warning.

### BLANCHARD RESIGNS POST

Quits Art Association Presidency on Acceptance of Fund of \$50,000 Donated for Bowl

F. W. Blanchard has resigned as president of the Community Park and Art Association, he announced yesterday. His action was predicated on the acceptance by fellow members of the executive board of the association of the \$50,000 donation by W. A. Clark, Jr., in the face of his negative vote on the matter, he says.

While Mr. Clark's offer is a most magnanimous one, the copulations he has placed upon it make it unwise, in my opinion, for the Bowl association to accept it. Mr. Blanchard declared last night, "If the offer is finally accepted the association will have to raise \$100,000 for permanent improvements to the Bowl, as well as engage the Philharmonic orchestra for forty concerts there this summer."
